Candlelight Farms

COVID-19 Pandemic

Even after following protocols set by the Governor of Connecticut and the CDC, it is still possible to contract COVID-19 while at an event or gathering. We are following all of the guidelines to minimize the risk of transmission.

*I knowingly and willingly consent to have an event at Candlelight Farms during the COVID-19 pandemic. I understand that the COVID-19 virus has a long incubation period during which carriers of this virus may not show symptoms and still may be highly contagious. _____

*I understand that any guests invited to my event have an elevated risk of contracting the COVID-19 virus simply by attending my event. They are aware that they may be exposed. _____

*I have confirmed with all guests that they will not attend if they are presenting any of these COVID-19 symptoms which may include, but not limited to, fever, shortness of breath, dry cough, runny nose or a sore throat. _____

* I have also confirmed with guests that they have not been in contact with a person who has been diagnosed with COVID-19 within 14 days of attending my event.

* I understand that my guests know that air travel significantly increases risk of contracting and transmitting the COVID-19 virus. The CDC recommends self quarantine for a period of 14 days to anyone who has recently traveled, or they must be tested less than 72 hours prior to travel and documented on state website.

*I will work with Candlelight Farms and all vendors to keep my guests safe and understand all of the above.
